## NEW BEGINNINGS FOR EVENSURE MANAGEMENT!!

On the 1st of July 2010 Hannes Black and Derek van Tubbergh were appointed as Joint Managing Directors. This appointment was made by the company's only stakeholder Mr. Sparks. Evensure Management limited is a small security company with great growth potential. This is not only due to the great portfolio of security contracts that the company manages, but also due to the excellent security personnel that enables the company to deliver a bespoke service to its clients.

The company finds itself in the ideal position to diversify and expand. With an integrate knowledge and understanding of a fast evolving security industry, senior management with the assistance of the whole Evensure Management team is confident that the company will continue to be successful in the industry.

The company is only as good as those who work for her and we are extremely fortunate that the Evensure Team is one of the best in the industry. Evidence of this can be seen in the type of service we deliver to our clients, the high standards we set by carrying SIA Approved contractor

status and NSI Gold Accreditation. The company is also exploring new ventures, whilst remaining aware of industry trends and changes, Evensure now has the ability to combine all its services with Remote Monitoring as the binding factor.

## A Message from the OPS. Manager.

I would like to thank you all for making me feel so welcome as the new Operations Manager. I cannot believe how quickly the first 6 Months have gone! I have enjoyed meeting the vast majority of you over the last few Months, especially those of you who I had the pleasure of knowing back in early 2006. From my regular Client meetings I am now in a position to fully understand how hard you all

work to portray Evensure in the professional manner that we aim to achieve. Keep up the hard work and I look forward to seeing all of you that I have not yet been introduced to, over the coming Months.

**Check Calls:** Some Officers are still not achieving the expected target for making their check calls using the automated system. To this end, the Control room will run reports at the end of every Month and the information will be analysed by Operations. Any Officer seen to be regularly missing check calls, will be written to and if it persists, Disciplinary Action may be taken. Please don't let it come to this, make your check calls and let us know that you are safe. It's for your wellbeing that we do this.

**Holidays:** Our holiday year

runs from January to December and some of you have failed to use up your entitlement for this year and have subsequently been disappointed. Please note that to avoid disappointment, it is always best to try to take a quarter of your entitlement every 3 Months. Due to the industry we work in, the Company has to stand by its policies on holidays. If you have any questions relating to annual leave, please refer to your employee handbook.

**Christmas:** Traditionally, this is the time of the year for all assignments to be targeted by

both opportunist and professional thieves who will attempt to gain access to sites in order to steal whatever valuables they can find. It is imperative that we do not let our guard down whilst on duty, ALL officers MUST remain vigilant at ALL times. Where possible we should be carrying out extra patrols ensuring that there have been no attempted break-ins. Should access to your site be requested outside normal office hours, you must check to ensure prior access arrangements have been made. If no prior arrangements have been imple-

mented, access must be refused and the individual asked to return during office hours. If in any doubt, ask the individual to wait (outside) whilst you obtain authority from the client or tenant concerned. Do not allow access until identity and approval is confirmed. All approved visitors MUST be booked in and out in accordance with the Assignment Instructions.

**HE WHO IS PRUDENT AND LIES IN WAIT FOR AN ENEMY WHO IS NOT, WILL BE VICTORIOUS.**

## “Orange or not, you’re coming with me mate!!”

On 23 September 2011, one of our longstanding Clients held an event to raise awareness for their nominated charity - Muscular Dystrophy. Their staff was encouraged to wear something in orange in support of this cause on the day and make a small donation. Eversure Management supplies a team of seven Security Officers at this premises and it was great to

see that our team members also got into the spirit of things on this day. A bit of light heartedness was much appreciated by our clients and their staff and provided some variety to the normal serious day to day tasks of securing this high profile location. In this picture the assignment Supervisor, Desmond Sawyerr (who is a long serving member of

Eversure Management staff), ‘apprehends’ a temporary member of our client’s staff. BY: Hannes Black
